4th Qtr. Report 2023

Dear Pastor Kelly and Church,

Joyce and I want to thank you for your care and prayers. 2023 was both a year of trials (mainly health) and blessings. Both Joyce and I are on the mend! Praise the Lord and thank you for your prayers! Let's focus on the blessings which were numerous.... a few of which are:

1. Inco, that we along with his wife and many of you have been praying for many years, finally got saved and was baptized on Christmas Eve along with five others. This is another proof of the power of prayer!
2. Xiao Yan, whose husband got saved just before he died in 2022, open her heart to the Great Comforter and was baptized the first Sunday of December 2023.
3. We are getting more visitors from the immigrants who are fleeing religious persecution in their home countries. For those that follow the news, I'm sure you have seen movement in some countries toward intolerance of Christianity.

We are very busy reorganizing the different ministries of our church and planning for a new church building. Our present building is too small for our church to grow. During special days we combine our two Sunday congregations, and the auditorium is too full. To build a church that will seat 200 – 250 people we need to find three connected city lots. City lots are selling for an average of 2.5 million Canadian dollars (just short of 2 million U.S. dollars). We need a miracle, and we have a God who specializes in miracles, so please pray with us for a miracle!

Our theme for 2024 is “Oh Lord, Give Us More In 2024”. We thank God for all the blessings of 2023 and are expecting greater things in 2024. One of our greatest blessings is having you as our faithful prayer and financial supporters. Thank you so much! We are praying God will give you more blessings in 2024!

Yours in Christ,

Fred & Joyce
