# BELOVED, LET US LOVE ONE ANOTHER...

*and every one that loveth is born of God, and knoweth God.*

- 1 John 4:7

Thank you for your love towards us and the people here in Derry! In January it was a blessing to witness God's love at work with growing believers and drawing unbelievers. God's love worked through men in the church to help our most faithful, serving family move an hour away. It's a mark of Christian maturity when a man uses his vacation days to serve! God's love has worked in believers' hearts for them to do more to care for their national pastor, who is not fully supported. God's love is working in people's hearts to volunteer more in children's classes and our upcoming holiday Bible club on February 16th. God's love worked through our 1,500 New Year's tracts, with **two** Irish ladies reaching out for a free Bible and more information on the Bible studies we offer. God's love has drawn **three ladies** from outside the church to the six-week evangelistic ladies' Bible study; another three have contacted us for information about it. We praise the Lord that the "Good News In The End Times" sermon series was well received. Many in Derry from a Catholic background can be very anti-Israel, and I was concerned we could lose regular attendees, but thankful people let God's words affect their hearts.

God blessed our January 26th teen event, the first we have attempted, with three boys. **Pray** as we will monthly work through apologetics and point them to the Gospel. We are **praising** the Lord that two of the boys help us with outreach and desire to be involved in music and multimedia at the church. Could you **pray for God to favor** some upcoming events this month? Our February 16th kids event will be during a school break, and we are praying for 40 kids to attend. The theme will be 1 John 4:7, pointing them to the love of Christ. On February 24th, we will do a men's BBQ and Bible study to see men saved, discipled, develop leadership, and be more committed to the local church. We would love to see it grow as a significant outreach like Bethany's Bible study. Please **continue to pray** for our building situation. We await to hear back from an estate agent and lawyer about a lease-to-buy option for a building we desire to move into. Also, **please pray** for boldness, wisdom and opportunities as we seek to share the Gospel with our neighbors, church attenders, and others in the community. **Scan QR CODE on back to watch 1 year update video.**

# PRAYER & PRAISES

- Several people we are dealing with to get saved
- Ongoing discipleship and Bible studies
- A new, bigger, permanent building for Derry Baptist
- February evangelistic kids event

- Sean's finished phase 1 of discipleship!
- Believers showing more maturity in the church
- Fruit from outreaches and Bible studies
