January 2024

There is nothing more valuable than having people who pray for you. God links up His power in answer to their prayers. (Oswald Chambers)

God has answered your prayers concerning my health! As I mentioned in my last letter, I have been having some health issues. I was able to continue teaching and finish term 3, but during the end of the year school holiday, I had to make multiple trips to the doctor before we got me on a treatment plan that seems to be working. I appreciate your continued prayers. I used the school holiday to convalesce. I am not 100%, but I have been able to get my preparations ready to start the new school year in February. Please pray for the new orphans we are taking this year to adjust well, and pray for all our orphans to come to a saving knowledge of Christ and grow in grace.

God has answered your prayers for our primary level 7 students! They passed the national Primary Leaving Exam (PLE). One of the children, David, scored better than any child we have ever had in our school. He also scored the best for the area in which we are located which included hundreds of children who took the PLE. We want our children to do well in school, but more importantly, please pray that our orphans will choose to love and serve the Lord.

God has answered your prayers for visa renewal for my colleague and me! It came down to the wire with more complications, but we got the renewal before our phones and internet were shut off. (Our phone and internet automatically shut off on the day our visa expires.) Praise the Lord!

God has answered your prayers concerning my truck. My truck is around 25 years old. During the school holiday, a good mechanic spent many days replacing old parts. (I wish I could have old parts replaced!) It is in good working condition. Please pray for safety and strength for me to continue driving to Asuret village weekly for our Ladies' Bible study. Please pray for physical and spiritual strength for the ladies.

Thank you for praying for me.
