Rays' Report

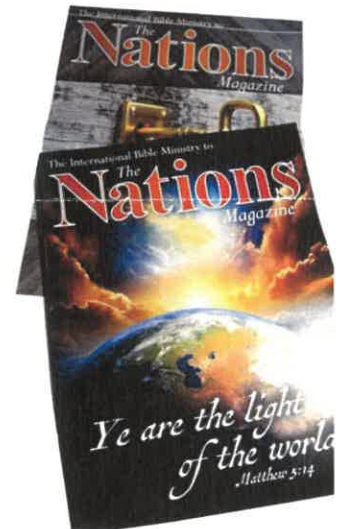

Dear Friends:

It seems impossible that we are in 2024. The years are flying by. Solomon said in **Ecclesiastes 1:4** **“One generation passeth away, and another generation cometh.”** The upcoming generation of people will have little memory of the generation before...**but God keeps good records.** It has been said, “The older one gets, the faster time passes.” It seems to be true. We are responsible for our time here on earth. Let us give a good account.

A general report for 2023

- Taught new missionaries in Candidate School at BIMl
- Edited and printed the NATIONS MAGAZINE
- Raised funds for *the International Bible Ministry* to send thousands of Bibles to missionaries in the United Kingdom (the Reseeding Project)
- Raised funds through the *100 Nations Ministry* and provided partial scholarships to young people for missionary survey trips to various fields
- Served as Representative for BIMl in numerous churches around the country
- Held mission conferences/services in churches in Maryland, South Carolina, Illinois, Ohio, West Virginia, Alabama, Tennessee and Georgia promoting WORLD MISSIONS
- Served on The Board of Crown College, Powell, Tennessee
- Served as a Trustee on the Board of BIMl

Where do we go from here? Do we dare ask that question when...

Still the darkness deepens!

Still the multitudes languish—in their prison of despair!

Still the grave beckons for those who die with no hope!

There is a lot to do in 2024. Jesus is coming soon. We are:
